(54) Title: SYSTEM FOR MANAGING BOREHOLE INFORMATION

(57) Abstract: The invention relates to a method and a system for managing information relating to boreholes. The invention further relates to an identifier utilized by the method and the system. An identifier (5) which includes machine-readable information is arranged in connection with a borehole (2) under examination. The readable information may be an identification code or, alternatively, measurement information on the borehole (2) to be stored in the identifier (5).
